Dear Mrs. Roosevelt,

I am a thirteen year old girl and live on a farm with my mother and Step-Father we are very poor people I have lived here for five years and have wished each year for a radio but as the years go by our circumstances get worse and worse. I am wondering if I would be asking to much of you to help me obtain one. As we live in the country we would have to have a Battery Radio. We live five miles from town, and we are poor we have no money for boughten amusements. There is not a radio around in the country and I get terribly lonesome in summer. If you could in any way help me to obtain one it would mean enjoyment for all my friends as well as me.

If you can help me to get one my appreciation cannot be put into words.
Sincerely yours,

My Dear Mrs. Roosevelt:

Would you have time to read a letter from just a country girl? I will be sixteen years old March 22. I am a senior in High School.

We worked hard during the campaign for Mr. Roosevelt, our Democratic club (young peoples) had meetings and gave short programs before the speaking. I was on the programs all over the county for tap dances.

Here is my problem. We raised no grain and money is scarce. My father was seriously injured two months ago, which made it still harder. I need clothes for school but haven't funds to buy them. I just wonder if you might have some I could make over, as I do all my own sewing—which is mostly madeover. I would appreciate anything as I have to go ten miles to school and I have no overshoes or not very good shoes.

Dresses, hose that can be mended and used, shoes, overshoes or under-ware. I wear 6½ shoes and a 16 dress.
If you can help me—write me.
Thank you.
Sincerely
P.S. Please do not let this be put in the newspapers.

Dear Mrs. Roosevelt,

I am a negro boy who sang for you when you visited our school a few years ago in Birmingham.

I have attended College one year, and one month. Due to the lack of money, I had to quit school and try to find work so that I could continue my education. I have looked everywhere, but cannot find anything to do. I am very eager to finish my schooling, but I cannot find work at all. Some days I walk over twenty miles trying to find work, but all in vain. All of my efforts have been a complete failure. So Mrs. Roosevelt I appeal to you for help.

The course that I was taking requires two years of college training then one is eligible to teach for a limited time of six years. I need only six more months of training then I will be able to help myself. Please Mrs. Roosevelt, send me a donation so as to help me in this dilemma. I do not have relatives that is in a position to give me any financial support, so you see Mrs. Roosevelt, my future is very dark and discouraging. You are the only one that I know to come to for relief, please look at my condition, and consider this matter noteworthy because I am striving to be somebody, and I am trying in my young days.

Please let me hear from you. I can get the other six months of College training for $160. It wouldn't be that much but when I left, I wasn't able to pay my back loand and before I re enter I must pay it before I can get my credits.

Please don't think hard of me Mrs. Roosevelt, but I didn't have any one else to call on but you.

Yours Truly,
A. L.

Mrs. Roosevelt:

I am a girl, age fourteen (14), and in the eleventh grade. I am five feet, three inches tall, have brown hair and blue eyes, and weigh about 130 pounds. I have gone to school eight years, all of which my mother has paid for. My parents were divorced before I started to school, and my father, who is married again and has children, does not help us any. I have 1 brother, aged sixteen (16) who is also in the eleventh grade. He is taller than I am but weighs several pounds less. We are both at the head of our class, and have been exempted from all our semester “exams” so far.

We desire to go to college when we finish high school, and if we can manage the clothes and money, maybe have to work our way through, we will, if at all possible. My brother wishes to be a lawyer and enter politics, and I want to be a primary school teacher, an author, and a church and Welfare worker. I teach a class of girls, age 4 to 8 each Sunday and my brother, a class of boys, 4 to 9.

We lived in town for a while and Mother worked, but we had to come to the country over four years ago. My brother and I pick cotton each year for our clothes and Mother keeps house for a man, who surely does like, Mr. Roosevelt’s new Deal. Since there was so little cotton this year we didn’t have very much money to buy the clothes that we have to have.

We go to a high school six miles from home, and walk two miles waiting in the cold till the truck comes. We have no car, no radio, or any other musical instrument.

I am writing this letter to ask if you have any cast-off clothing or any wearing apparel you don’t want. I would certainly appreciate them and Mother could make them over to fit me. If you have anything which isn’t already spoken for, it would be new to me and I could surely use it. It costs a “lot of money” to keep in dresses, hats, slippers, hose, coats, underthings and everything else that a person needs and I don’t have that “lot of money” to spare because it takes so much to go to school.

I would always remember you for the kindness you would be sharing, if you would send me some of your things that you have no longer any use for. I don’t want you to think I am begging you for anything, but I’m merely asking for some cast-offs you don’t want. I could use anything and it would surely make my Senior year in high school, much easier.

Your friend,

Dear Pres. & Mrs. Roosevelt:

Well I realize that you are too busy to consider my letter but I am going to send it anyway. My brother is eight and I am twelve. This may sound awful funny to you but our whole future depends on your presidency. If you don't get in I don't know what we will do. My dad is only a W.P.A. worker and we are certainly thankful for that. Every day after work and Friday and Saturday he's out campaigning for you. He certainly has wonderful results. He's convinced many of people that if it wouldn't of been for you only the Lord knows what would have happened to all the poor people including us. I can remember Hoover was pres. We were hungry many times and without warm clothes and actually froze. Now this may seem a little think to you but its all my whole future. I dream so much of a piano that it seems that I can't work when I think of it. My dream is growing bigger every day but it seems as though they are to be shattered. My dad and mother can't buy it out of $40.00 a month. I'm not complaining. I'm so thankful for that. Please, Kind Sir don't think I'm begging for I'm not. But seems that I had to tell my troubles to some one. Next to God I thought you would be best. We certainly hope you'll be president the next four years. By the way I'm in the seventh grade. I've had A's for 4 yrs straight that is being on the honor roll. I've been on since we moved to town. I'm hoping you are pres. the next four years. If not my dreams will die with election day. God bless you and Mrs. Roosevelt. If you aren't to busy won't you please answer our letter.

Yours truly,

A hundred per cent democrat

My Dearest Mrs. Roosevelt,

Just a line to let you know if you can help me out a little, if you don't mind. There is nine of us in the family & no one working I'm the oldest (15 yrs.) My father hasn't been working for 3 yrs. He got hurt up the quarrel where he was a stone cutter. This coming June I have to graduate grammar school and I suppose I can't. So I thought I would write to you & let you know if you can send at least a small check that I could get everything for graduation & if any is left over I'd get a dress, & coat for Easter. This is the first time that I am graduating and I'd like to graduate as the other girls. Well I hope I will received what I told you. When I'm working I will send you a lovely gift. Dear Mrs. Roosevelt, Please, please don't say anything to anyone because I wrote for help. Please don't. Please don't even put this letter in the newspaper. Because I know you will help me account of being the President wife. You are a lovely, lovely lady, I'll pray to God every minute I think of it and ask him that I will receive the check. If you do send a check please write a letter also to be sure that you send it. I thank you very much if you send it. I'll be expecting to receive an envelope from Washington D.C.

Thank you.

Yours truly

P.S. Please don't forget. Please don't let me worry about graduating.

Madame,

I am a girl going to school. After exams I will be entering high school. I am also taking lessons on a Hawaiian Guitar. My father is sick and he is not able to work. Therefore we have no money to pay for these lessons. I am very interested in my lessons and wouldn't like to stop.

I have heard you have helped many other people who are interested in different things. I would like you to help me also. If you can.

I am an Indian living on the Tawanda Reservation and am very interested in you. I do not care what amount of money you send me but I will be very grateful to you. In all, these lessons amount to $52. Before my father became sick we had paid a little.

I hope you will consider my plea or even answer me. I am 15 years old.

Yours very truly,

Dear Mrs. Roosevelt,

I just wondered if you ever received a letter from a little girl like me. I am eleven years old the 24 of March. This is my fifth year in school. I think I will soon be ready for sixth Grade. I have got five perfect certificates and one gold star of honor. I have... a hard way of getting what education I have. But I expect to keep on trying. I have to walk two mile and a half to school through the mud. My Father is almost blind. We have no income of any form. Father has never received one cent of the money that the unemployed is supposed to get. We sure could use it. We have been told by many people that you were very kind to the poor and needy. So I thought I would ask you if you would or could send me a few things to wear. I wear size 12 year old dresses and a 14 year old coat. I am four feet and six inches tall and weigh 80 pounds. I also would like to have a pair of shoes size 3½ wide width. I would be the happiest person in the world. If I would receive a package from you for my birthday. You would never miss this small amount

A teen from Ohio included these sketches, advertisements, and specifications with her letter to Mrs. Roosevelt in 1936, to show the First Lady the clothes that she hoped to receive from her. (From the collection of the Franklin D. Roosevelt Library, Hyde Park, N.Y.)

I have asked for. My relation helped to put President Roosevelt where he is. I don't ask for anything fine just serviceable. I do hope you will fix me up a little package and mail to me at once. My friends will be surprised.

Mrs. Roosevelt please don't have this printed or broadcasted, as some of my people have radios and all take papers and I don't want any of them to know I asked you to send me the things. But God knows I will remember you. And you surely will be rewarded. I send you my love and best wishes.

Dear First Lady,
I guess you get lots of letters similar to this, but I thought I'd try writing you anyway.

I'm twenty and a Senior in High School. I know I'm rather old to still be in High School but there have been years in which I haven't been able to go. My parents are old, my mother is fifty-five and my father is seventy-one, and we are very poor. My father is a farmer—a share-cropper and there have been years when we haven't made enough money to send me and my sister to school. During those years we picked cotton and bought clothes to go the next term of school. Even this year we stayed out the first three weeks of school to pick cotton to help pay our way through this term, though we have some cousins who have been generous in sending us dresses, which they can no longer wear and even sent a coat, which was still wearable.

During the summer before the depression shut down too tight I worked in a factory and saved my wages to buy books and clothes for the fall term. I've never been able to attend parties given by my class due to the lack of money and the fact that we've lived so far from town. Now commencement is on its way and I'd like to have clothes I wouldn't be ashamed of to wear to the parties and dinners given in honor of the Seniors, and especially the Junior-Senior Banquet.

There are other expenses, too—the invitations and cards, the cap and gown and the pictures. My mother is the only one in the family working and she gets only five days a month in the F.B.R.A. Sewing room. So I see no way of making my wishes come true.

I had intended working in the Five and Ten during the week before Christmas but I was ill with the "Flu." This caused the end of my hopes of possessing a class ring.

After graduation I intend to enter training for a nurse. Wondering if you can help me make my wish of graduating as the other girls in my class will, I am

Sincerely yours

Dear Mrs. Roosevelt,
Perhaps you may not be able to help me but nevertheless I am appealing to you. My daddy is out of work and our home is gone. I mean daddy is in New Hampshire trying to earn a little money, Buddy, my brother, is living with my grandmother and I am with a friend of my mother's in Wellesley. I want a home. We need money! Can you help us? Last night when I went to see daddy, he hadn't had a decent meal. I don't want him to go hungry. And Buddy won't get half a chance where he is living. I am only sixteen and there is nothing much that I can do. With a little money my father could get back on his feet and maybe start a new rink somewhere. You see he runs a roller skating rink. Bud and I are whizzes at it—almost.

Do you know that when Buddy was four he was paralyzed from the hips down and he couldn't see or talk and now he is the fastest roller skater in Nashua. He had infantile paralysis once. But you can't keep a good man down. You should see him now. But I can't make a man of him if we are separated all the time. Please, you wouldn't miss a little money would you? I hate to ask for money because it sounds so much like begging. Maybe it would be better if I said borrow.

You seem so nice and understanding that's why I have turned to you. Please keep this confidential, won't you? Nobody knows I am doing this and I don't care to have anyone know. You understand just how I feel, don't you. I hope I am not imposing too much upon your kindness but we need your help.

Sincerely,
Daleville, Ala.

Dear Mrs Roosevelt:

A young girl from a God forlorn country is writing you. I will be 16 years old Jan 16. We are so poor we haven't hardly enough to eat. I have 2 sisters and 1 brother and father. Mother is dead over 5 years. She was killed in a railroad collision. I have to keep house. We haven't had a crop for 8 years. We get about 1/4 can of cream in two weeks and that is only 10 cents so we can't buy anything. Eggs we haven't any. Would you be so very kind and send us a little money to buy a few neccessary things. I suppose you get many letters like this but if you can please send a little I would thank you from the bottom of my heart.

As ever your friend.

Dear Mrs Roosevelt,

I was just wondering, if you could do something, so I can graduate from the Eight grade. It will take about $10.00 and then I got to make my confirmation and there is three of my other brothers, too, and one sister, beside me. The work relief don't do right here, they give those girls in the relief office $20 a week, and they only support theirself and they give a man with, a family of seven, $48.00 a month, last month they gave us $46.00, when he should get $58.00 at the least. How much do you think a family of seven should get? Mother hadn't no light, now because we didn't have enough money to paid for them... and we are way far back in rent. Some men here get $6.00 a day, and they only got two or three in a family, because they are the boss or timekeeper. I think if Mr. Roosevelt get the old-age Pension (i.e. Social Security) in it will be a lot better than the relief work. Every week we go to bed one or two days without anything to eat. My brother and I go down to the railroad track to pick up coal to keep warm. If only the Railroad Pension go through daddy will have steady work on the railroad. We hardly got enough to wear, we have to wash out our clothes and put them back on. Gosh! Mother can't get a haircut, her hair looked terrible.

If the Old Age Pension go in these girls got to go out and do something else, beside working on the relief. Gosh! I used to be able to take care of baby but now the big girls get the job, we used to only get .10 cent, to take care of a little girl, but the girls, that take care her, now get .50 a day and .50 cents a night. I read a lot a about you in the papers we get from the neighbors. My mother and Dad don't know I am writing to you. Please answer as soon as possible. Gosh! May 15th we have to try to make our confirmation if we can get some clothes and a dollar each too. I hope mother or dad won't find out I writing to you, because they don't want to let anyone, know how hard-up we are.

Please Please write immediately. I heard you help the poor peoples. I wish God blessed you, and let you luck. Please answer as soon as you received this letter.

Your's Very Truly,

Dear Mrs Roosevelt:

I am a girl 19 years old and love pretty cloths but never could have them we are poor people and I am writing to you to see if you would send me some of your cast off clothing please do Mrs Roosevelt. We live in what I would call a high headed community and the girls all have nice cloths and make fun of me because I don't have if they knew I wrote this letter to you they would laugh sure enough. I can't even go to Sunday school on Sunday on account of clothes and I haven't got decent shoes or dresses to wear to look for a job, so if you will send me some of your dresses, slips, brassieres, panties and a coat because I do not have a coat at all, and if you have any shoes, Mrs Roosevelt I am telling the truth before the Lord. that's its pitiful the way I'm looked down on. You may think I'm stretching things but I'm not, and maybe I can pay you back the money it took to bring them some time so please do Mrs Roosevelt, please do. I would sure write you a big letter of thanks Mrs Roosevelt you may have received other letters like this one. You may think I'm putting up a big fish story but I sure telling the truth and my daddy & step mother would appreciate anything you & Mr. Roosevelt might send them. so please send us some things if you will we will be three smiling people and Mrs Roosevelt please send them as soon as possible and write me a card a day or two before so I can be at the mail box to get it. so I will close with a million thanks and with lots of love

Dear Mrs. Roosevelt,

I'm writing you in regard of this W.P.A. work which my Father works on. He did make $36 per month but I think he will get a raise of $4.80 on the month but he has five to support Three children and I'm the oldest one fifteen years of age but too young to hold a job. I can't go to Church or Sunday school any more for the need of clothes.

Mother and daddy don't go either because their clothes are too bad.

If you have any clothes that you don't want mother can make them fit us. Please Mrs Roosevelt don't mention this over the radio or in the papers. my school mates would nag me to death. but if you think its false call or write.

Dear Mrs. Roosevelt,

I'm so confused so troubled—I don't know where to begin. I'm not trying to convince you with this letter. I'm asking—please—to believe and help me.

My problem is that—of most young folks—"Marriage."

It's easy enough for children of the wealthy—those—with permanent positions—but how about us—with only season jobs—are we not human too.

Mrs. Roosevelt—my girl friend and I planned to get married in September of 1939. Two months ago—she lost her job. I do season work—and although I've been out of work for four months—I'm working now and expect to until Easter—when my season ends.

We're young folks—I twenty six and my girl friend nineteen—and very much in love—and we don't want to live another day—apart from the other—feeling this way—we changed our wedding date to June 4th—we changed because I was getting sick waiting—we have the blessings of her family and mine but financially they can't help us.

Mrs. Roosevelt—must give my girl friend some kind of a wedding. I had thought of borrowing—from a finance company—buying furniture on credit—but—it's all too much with the little job I have—I couldn't pay—when my season slackened—the sensible thing to do—would be to wait—until I accumulated enough money together—Mrs. Roosevelt—please believe me—I'm headed for consumption—if I wait another day—I have no friends from which I could borrow two or three hundred dollars—that's all I need—couldn't you wouldn't you please help me Mrs. Roosevelt—you would never miss that amount—in time I'd pay you back—but I must have your help—if I wait any longer—my health is at stake—please—believe me.

Praying to God—that you will help me—I remain—

Respectfully,

J. T. M.

P.S. Mrs. Roosevelt—please forgive me—for daring to write—but I'm helpless—I wrote to Mr. Rockefeller—Mr. Rushmore and a Dr. Sauchelli—but my letters went ignored—Please Mrs. Roosevelt—give my letter thought.

Dear Mrs. Roosevelt,

I am a girl of fourteen years old and I have diabetes. You might not know much about this disease but it is most unpleasant and painful. I take needles twice a day which hurt extremely. As you see I haven't gotten much fun out of life. I also cannot eat a bit of sweets. I have not tasted candy, cake, ice cream or pie for over 4 years. I have thought several times of committing suicide. I received nothing for Christmas because my father only makes $18 a week. I have two other sister who have to be provided for. My medicine cost $3 a week. This also takes up a lot of money. There is only one thing that my sister and I wanted for Christmas that is a model 28 bicycle blue in color. If I had a bike I could ride to school and save carefare. If my sister had a bike she could run errands. The children around our neighborhood got one for christmas. They tease us until we almost cry. This makes my father feel bad and he will try to get us one. But out of his salary this is impossible. I will be most grateful to you if you will grant my most desired request. It will make me very happy. And if I ride to school it will use up some of the excess sugar in my blood. Please regard my request carefully.

I desire a Model 28 bicycle blue in color.

Yours truly

My Dear Mrs. Roosevelt:

Do you realize that "Easter" is at hand? Do you realize how many hearts are broken on this account? Do you realize how hard it's going to be for most people? Like me, for instance, I am a young girl of fifteen and I need a coat, so bad I have no money, nor any means of getting any. My father has been out of work for two years.

My brother works on the C.W.A. but he is, or rather has been, insane in an asylum and has taken most of our money. My mother gets "fits" when I ask her to buy me something new. Poor mother, I sympathize with her because it has been very hard on her, this depression, and no money at all but debts piling up on us. I want to tell you something: We were once the richest people in our town but now, we are the lowest, considered, the worst people of Port Morris.

For Easter some friends of mine are thinking of getting new out-fits and I just have to listen to them. How I wish I could have at least a coat. That would cost about $5.00 at least. I need a dress. I want one and it only costs $.79 cents. Dear Eleanor how I wish I had the coat and dress for Easter I would be the happiest girl. I love you so much.

Please send me about $6.50
I thank you so much

Dear Mrs. Roosevelt:

I am asking you for your charity, asking you to send me and my two sisters suits for Easter. It is not only that we have nothing to eat but also nothing to get dressed into.

Easter is coming nearer and nearer but I do not think it will be an Easter for me. It will be another dull and unpleasant Easter like last year. It is supposed to be a time of rejoicing but I know I shall not rejoice for I have nothing to rejoice about. Mrs. Roosevelt I do hope you shall send the suits. If you do I would like you to send them in these sizes. J. 15 years old size 20 a shadow check S. 14 years old size 20 in a shadow check A. 10 years old size 14 in a color of blue. You notice the big sizes, that is to last us for a few years I hope you will send them and make our Easter a time of rejoicing at least once I hope you shall send them about a week from Easter. During this time I shall pray for you and pray that you do send them. If you do send them just let it be a secret between me and you, please do not tell anyone.

During this time God Bless You A thousand times
Yours truly

P.S. Mrs Roosevelt please send mother one of your old dresses that you do not wear now if it is a size 40 please!

Mrs. Roosevelt,
I do not have any way to go, so I come to you against the hungry depression of today.
I have studied the violin for two years and I cannot go on studying, because the violin is too small and I am too big for it. I am 15 years of age.
I need a full-size good violin complete to continue with the study of the violin.
My father does not work not because he does not want to work but he cannot find work, so I wrote to you to see if you could get me one so I could continue with the study of it.
The violin that you will send me will be remembered all the rest of my life.
This picture that I am sending to you is when I just me and my small violin were just starting to play.
That is all I have to say. If you are going to send it I will be appreciated for it. Best regards to all.
Thank you
Sincerely yours
B. S.

Dear Lady and Santa Claus,
A few words to tell you if you are kind enough to make me a favor to Santa Claus. Maman was telling me that Santa Clause is not coming for me this year a Xmas because we are too poor. And Santa Clause left his bag of toys over to Lady Roosevelt in America. Today that I am all alone I thought I would write you to tell you to see in Santa Clause toy bag If you can find a little phonograph with a dozen records. Would you kindly send it to me. It would be a great pass time. I would also like to have a doll. During the winter nights Tell Santa Claus for me that I was good all the year. I did not go to school this year because I was too poor to go. If you will send me a phonograph I will send you a rug I made for a present I will send it to put near your bed. I also got some to sell and I would like to sell them I would try to sell them $3.00 each I would like to sell them so I can buy some Clothes to go to school. If you want to buy them I would be awful glad we are five children in the family and are poor people Tell Santa I am ten years of age not to forget me And In payment I will pray God for you to be blessed your family.
Yours truly
